PROFILE

Experienced Software Developer with over one years of expertise in PHP, MySQL, and web-based applications. Proven track record in developing scalable and secure clinical management systems and integrating payment gateways. Skilled in database management, system optimization, and client-side functionality. Currently seeking an opportunity to apply my technical skills and creativity in a dynamic team environment, contributing to innovative projects.

PROJECT

- Clinical Management System 2024
 - Role:** Developer
 - Duration:** June 2023 - Present
 - Technologies:** PHP, MySQL, HTML/CSS, JavaScript
 - Description:** Developed a scalable and secure clinical management system for healthcare providers to manage patient records, appointments, and billing.
 - Achievements:** Reduced appointment scheduling time by 30% and integrated a payment gateway for seamless transactions.
